Pricing

CallFire has a low rate of just 5¢/minute, billed at the beginning of each minute (or at 30 seconds at higher volumes). You only pay for connected calls, and there are no contracts, no monthly fees, and no startup costs; simply pay as you go. Just specify how much money you want to put onto your CallFire account, and that amount will slowly be depleted as you dial. Volume discounts apply after 150,000 minutes per month:
